

Innovative HVAC solutions for the modern world

For over 55 years, Flex has been the trusted manufacturing partner for the world's leading brands, bringing innovative, high-quality products to market quickly and at scale.

Customers choose Flex to tackle complex supply chain challenges, increase operational resiliency, and reduce overhead costs to thrive in today's competitive markets. Our vertically integrated centers of excellence in metals, plastics, electronics, and components accelerate time-to-market while reducing cost.

From concept to execution, we collaborate with customers to ensure seamless product lifecycle solutions, helping you gain a competitive advantage.

Proven Expertise. Global Reach.

Innovative Solutions from Sub-Assembly to Full Product Builds

We offer a unique set of advanced capabilities, combining cutting-edge technology, deep expertise, and tailored solutions to meet the evolving needs of our partners.

BOX BUILDS

Comprehensive box build assembly services that integrate advanced electronic components into fully functional systems tailored to customer specifications

PCBAS

State-of-the-art PCBA capabilities provide high-quality, scalable, and cost-effective solutions for complex electronics manufacturing

METAL ENCLOSURES

Specialized design and manufacture of custom metal enclosures that provide robust protection and support for a variety of equipment and applications

PLASTICS

Expertise in plastics encompasses precision injection molding and tooling, ensuring durable and high-precision plastic components for diverse industries

WIRE HARNESES

Reliable wire harness solutions, providing custom cable assembly and complex wiring configurations for streamlined connectivity and performance

Why Flex?

Trusted partner in an evolving market

Focus on innovation and stay ahead of market changes with a proven partner enabling your success.

Global scale and regional reach

Fulfill your manufacturing requirements with our proximity to end markets in all key geographies.

Cross-industry Expertise

Leverage Flex's 50+ years of experience supporting leading OEMs with innovative technologies and manufacturing processes.

Product lifecycle services

Minimize your company's environmental impact with our sustainable manufacturing and circular economy solutions.

Contact us today to learn how we can help transform your operations.
