

Your Reliable Partner in Outdoor Power Equipment

For over 55 years, Flex has been the manufacturing partner of choice for leading brands, bringing innovative products to market at scale.

Outsource your manufacturing and supply chain management with a trusted partner

From sub-assembly to full product build, we support our customers with tailored manufacturing services, helping streamline your operations, improve efficiency, and strengthen your supply chain. Transform your operations by partnering with Flex, allowing your team to focus on what matters most – product innovation, customer experience, and market growth.

Improve Flexibility

Variable production capacity that meet your seasonal requirements.

Free up cashflow

Free up cash and reinvest in R&D and innovation.

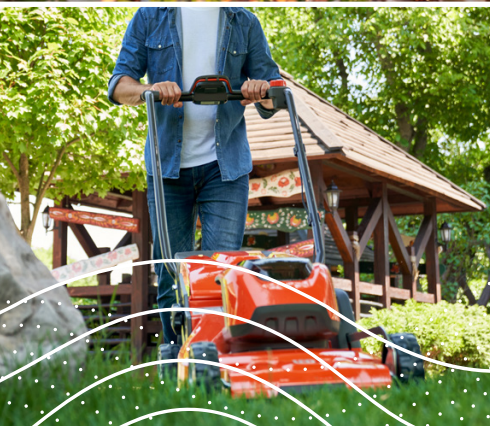

Build Supply Chain Resiliency

Improve resilience, cut lead times and costs, and minimize disruption risk.

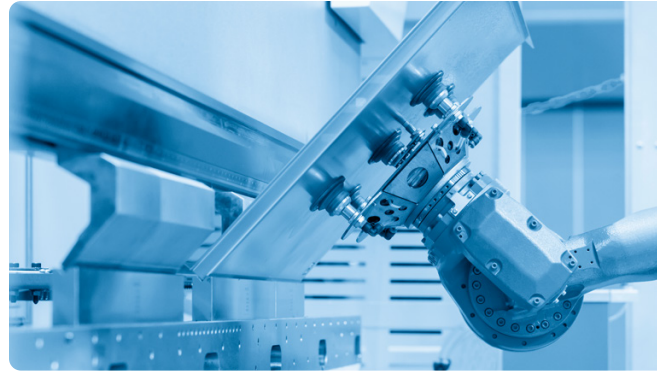

Enhance Scalability and Reach

Access our global network of sites with proximity to end markets in all key geographies.

Leverage industry-leading advanced manufacturing technologies to drive productivity, quality, and efficiency

Our mechanical, engineering, manufacturing and distribution operations provide superior quality within our global footprint. When you partner with us, you can have confidence in the highest levels of quality and efficiency as we drive excellence through Six Sigma and Lean manufacturing.

**Machining, Stamping
& Metal Forming**

**Robotic Welding
& Painting**

Testing

**Final
Assembly**

**Warehousing
& Distribution**

Reduce operational complexities with global services & solutions

We help our customers enhance their service delivery and extend product lifecycles by providing end-to-end aftermarket services including warehousing, distribution, spare parts management, repair/refurbishment and recycling solutions.
