

Fei Liu

President, Asia

Fei Liu is President, Flex Asia (NASDAQ: FLEX). Flex is the *Sketch-to-Scale*[®] solutions provider that designs and builds intelligent products for a connected world. With approximately 200,000 professionals across 30 countries, Flex provides innovative design, engineering, manufacturing, real-time supply chain insight and logistics services to companies of all sizes in various industries and end-markets.

Mr. Liu most recently served as Senior Vice President, General Manager of Mass Market Consumer Products and President of APAC Region at Motorola Mobility in China, a position he held from 2009 to 2013.

Prior to joining Motorola Mobility, between 2001 and 2009, Mr. Liu served in a number of management level roles at TCL Communications and its subsidiaries, culminating in his role as the CEO of TCL Communication Technology; where he led the restructuring and transformation of a joint venture between TCL Corp and Alcatel Lucent.

Mr. Liu completed a PhD joint program in CDMA communication system analysis and design between University of California, San Diego and University of Electronic Science and Technology of China in 1990, and holds both bachelor's and master's degree in electrical engineering from the University of Electronic Science and Technology of China in Chengdu, China in 1984 and 1986.
